

Serger Machine

Level 1

Features

- Can be used on knit and woven fabrics
- A built-in blade trims and frayed threads while stitching. The blade can also be turned off as needed.
- Stitch length: 2 - 4 mm
- Stitch width: 5 - 7 mm

What You'll Need

- Bring your own fabric to complete projects.
- Please bring your own thread if you need a specific color. Four cones of serger thread will be needed to operate the machine.

Please Note

- It is strongly encouraged to reserve the equipment ahead of your visit to ensure availability.
