- **Monique notes that hearing Evelyn Hugo's life story has inspired her to carry herself differently than she would have before. In what ways does Monique grow over the course of the novel? Has Evelyn changed by the end of her time with Monique?**
- **Of the seven husbands, who was your favorite, and why? Who surprised you the most?**
- **What role do the news, tabloid, and blog articles interspersed throughout the book play in the narrative? What, if anything, do we learn about Evelyn's relationship to the outside world from them?**
- **If you could meet and interview one celebrity at the end of their life, who would it be? What would you ask them?**
